MVTV: Connecting the Community

Here's how it works: the annual Membership fee of \$25.00 entitles you to classes on media orientation and on handling video & audio equipment. You are then eligible for free camera and audio rental, and one-on-one classes on editing. You don't even have to own a computer...you can book time on one of our Macs or PCs. We give you all you need to produce your own television show.
